

TV Tuner for Computer Monitors with Remote

StarTech ID: COMP2VGATV2

Need a break? Want to catch some TV? Now you can - right on your computer monitor! COMP2VGATV2 is a converter that lets you watch TV, play games, or watch movies right at your workstation.

Comes with a full function remote control so you can instantly flip to TV mode and channel surf between your favorite shows whenever you need a break from work.

Plus, you may connect your DVD player, camcorder, or game console to your monitor, for a space-saving multimedia centre! Perfect for tight spaces like dorm rooms and bedrooms.

Supports full audio pass through via your PC speakers, displays up to 181 channels, and even works when your PC is switched off. Save money on the cost of a separate TV, and free up your workspace! Backed by StarTech.com's 1-year warranty and FREE lifetime tech support.

Applications and Solutions

- > Watch TV, movies, and play games on your computer monitor. Ideal for LCD and CRT Monitors
- > Compact form factor provides discreet placement in any environment

Features

- > A true hardware solution that does not require your PC to be on when in use. No software or drivers required
